IMMERSION, BY WALID NAHAS

Pianist and Composer

Walid Nahas is a classically trained pianist who also composes for musicians in Montreal. His years playing in various venues developed his improv technique and helped carve out his own unique style as a composer.

For Walid, The piano is an instrument that frees his spirit. Every key evokes an image, a thought, a feeling. You will plunge into a unique atmosphere that will take you to a place where music, perceptions and feelings unite, reaching total immersion.

The relationship between Walid and his piano is a marvellous experience. His music is a stream of sensations. Walid said it all in his music. Listening to him is getting to know him.

Available in Lebanon in all branches of Virgin Megastore as of March 31st
and on www.antoineonline.com

IMMERSION: The album

First in a series of piano compositions, IMMERSION offers 12 pieces composed and performed by Walid. With Chopin's flair and Éric Satie's flavour, Walid offers us a universe free of interpretation. Alternating between classical, instrumental and contemporary music, IMMERSION is to be savoured and heard many times over.
